

Victorian Bay Dollhouse Box

by Fran Casselman

Print on lightweight cardboard or kraftcardstock.* Cut on solid lines; fold on dotted lines. Glue tabs inside box with glue stick or white glue. Be sure corners are square and clamp with clothespins or similar clips to dry.

Print cover/label on lightweight paper. Cut out and glue to assembled box top with glue stick, turning edges and tabs inside.

The Victorian Bay Kit was from a handcrafter who has retired. This printie makes a cute empty box that's perfect as a decorative accent or gift.

* If printed on plain paper, glue to lightweight cardboard with glue stick. Cut and assemble as above, with paper template on the inside.
