

#56201 Hanna Collection Twin Bed

Available exclusively at miniatures.com

Step-by-step assembly instructions

Copyright miniatures.com 2022

PARTS LIST:

Outer Rail (OR) (2)
Lower Rail (LR) (2)
Headboard
Footboard
Mattress

SUPPLIES NEEDED:

Masking tape
Glue (such as #1249 Weldbond)
Damp clean cloth

WARNING:
CHOKING HAZARD – Small parts
Not for children under 3 yrs.
Adult supervision required.

GENERAL INSTRUCTIONS

- Identify and inspect all parts using the Parts List and Parts Diagram.
- Read the directions completely before beginning the project.
- If possible, have a dedicated work area so that you are not unpacking, repacking, and moving the project from place to place.
- Choose a work surface that is level, clean, dry, and protected from glue spills.
- Do a dry fit, using masking tape to hold parts in place, to make sure everything fits together correctly before assembling permanently.

Assembly Instructions

Tip: Gently wipe off any residual soot from all cut edges using a little rubbing alcohol on a clean cloth.

1. Glue a Lower Rail (LR) onto an Outer Rail (OR). The notches on the Lower Rail (LR) fit into the holes in the Outer Rail (OR).
2. Repeat Step 1 with the second set of rails. Let the glue set for a few minutes.
3. Glue one rail assembly to the Headboard (HB). The notches on the rail assembly fit into the holes in the Headboard (HB). If they do not line up, then rotate the rail assembly and try again.
4. Repeat Step 3 with the second rail assembly.
5. Glue the Footboard (FB) to the rail assemblies. The notches on the rail assembly fit into the holes in the Footboard (FB).
6. Secure the corners with tape (or clamps).
7. Use a damp clean cloth to wipe away any excess glue.
8. Let dry.

Assembly of the Twin Bed is now complete.

To finish, add wood filler to any gaps around the notches and sand. Then paint and add the mattress.
