GENERAL INSTRUCTIONS

- Identify and inspect all parts using the Parts List.
- Read the directions completely before beginning the project.
- If possible, have a dedicated work area so that you are not unpacking, repacking, and moving the project from place to place.
- Choose a work surface that is level, clean, dry, and protected from glue spills.
- Do a dry fit, using masking tape to hold parts in place, to make sure everything fits together correctly before assembling permanently.

Assembly Instructions

1. Glue one **Side** to the **Seat**. The large slot on the **Side** receives the tab on the **Seat**. Orient the **Seat** so that the engraved detailing faces up or down as you prefer.
2. Let the glue set for a few minutes.
3. Glue the other **Side** to the **Seat**.
4. Let the glue set for a few minutes.
5. Glue the **Back Rest** to the **Sides**. The smaller slot on the **Side** receives the tab on the **Back Rest**. Orient the **Back Rest** so that the engraved detailing faces up or down as you prefer.

6. Glue the **Front** in place. Its tabs fit into the slots at the very front of the assembly.
7. Glue the **Back** in place. Its tabs fit into the slots at the very back of the assembly.
8. Assure the assembly is square.
9. Let the glue dry.
10. Repeat Steps 1-9 for the second lounge chair.

Assembly is now complete. Enjoy finishing the lounge chairs with a few coats of paint.
